CIRCULAR TO GROWERS

In my circular dated 21 May 2018 growers were advised that it was planned to start the 2018 crushing season in Mackay on Monday 28 May 2018, on a staggered start basis, commencing with Farleigh mill.

Rostered harvesting groups and growers, and non-rostered harvesting groups have been contacted to assess their ability to harvest on Sunday to supply cane for the commencement of crushing operations. There is not sufficient cane supply to start Farleigh on Monday morning and crushing operations will now begin on Tuesday 29 May.

It is now planned that Farleigh and Marian (one train only) will both start on 29 May 2018.
